

# VIVÍ LA AVENTURA

## ANDES TRUCK -FULL DAY TOUR-

Early in the morning we will leave from your hotel, towards the Villavicencio Natural Reserve. A tour that proposes to visit some sites of this exceptional natural protected area, with a space of 62,000 hectares, and a member of the Wildlife Foundation of Argentina. Once arrived at Villavicencio, our guide will give an introductory talk about the tour and its main attractions, and will deliver the security elements to perform the activity. On board the Truck you will visit incredible protected and inaccessible places for other vehicles.

**"Balcón"**: It is a geological fault, a huge crack of about 80 meters and above it a balcony to observe the whimsical formation.

**"Manto de Cobre"**: This site is located in the sector of Paramillos. It is an old mining of gold and silver in the late nineteenth century. There are constructions of various types and diverse interest for the extraction of the minerals.

We will descend from the Truck and make mini trekkings for the sighting of native flora and fauna and as well as in a "Safari", to be able to appreciate: guanacos, gray and red foxes, hares, guinea pigs, armadillos, ferrets, wild cats, choiques or rheas; condors, eagles, peregrine falcons, among a great variety of birds.

At noon we will return and have time for lunch (lunch not included). After that visit Villavicencio Hotel, with a guided tour in charge of the staff of the Villavicencio Natural Reserve. Return to Mendoza city.
